ATTENTION TO THE READER

In a world of compromises, some people put watermarks on their pages...

But it doesn't matter, because our translations are the fastest ones out there. Look at how cool our translator is... if you send us money you will be that cool of an operator too. And chicks will dig you.

At /aki/, we stuck some translated text on a manga page, just like a bunch of other scanning groups have done. However ours is better, because we refuse to post it to any other sites than [http://ak-scans.wikia.com](#) and [http://ak-scans.wikia.com](#). Because

Our wiki is the greatest wiki ever made. It may be unorganized and have limited content, but that's your fault. If you were a real operator you would love it. Once again look at our translator, that sig sure is cool isn't it?

Yeah, you know you want to send money to us

And by the way, check out our new website. We decided that humans don't need to quickly read manga by webpages. If you were a really manly autistic operator, you wouldn't be bother by downloads, plus we've tested the server to be able to take 100,000,000 requests at one time, and that was when the server was turned to a lake of molten lava, on the moon. If you don't believe us, it is because you aren't a real operator.

By the way, our cheap, mass-scanned manga are the best thing ever, and totally worth giving us lots of money, but not that cheap, mass-scanned, manga from other people, that's garbage. Not that it matters because you're not in our threads, so you will have to wait for your translations. Because you suck, and we hate you, but we know you'll be back. We can beat you down like a trailer park wife, but you'll come back, you always do.

Give us money.

Sincerely,

/aki/ Marketing Department
